New Business

The board held a quick meeting after the Special Home Association meeting .

Received suggestions from Alan Cummings on Pool Security. Alan has a background in security. The board will have to look at the information to determine what we can reasonably do.

Discussed bids received from lawn service companies. We had solicited bids from 4 companies to take care of the greenways. We received 3 bids. The board voted to go with Lawn Care Professionals. They had the low bid and is also the same company we used last year. All the bids were higher than what we have budgeted for. Charlie will monitor the frequency of the mowing and try to coordinate so we do not have as many mowings as we had last year to reduce the bid amount.

Discussed a broken limb that has been brought to our attention. We are not sure if it is the greenway or on private property. Once we determine for sure that it is in the greenway we will have it removed.

Dave is going to contact the Swim team to set up a meeting with our board and the swim team board prior to the swim season.

Meeting was adjourned at 10:15 A.M.

Rick Hetherington
Secretary of the Board
